

HEPiX Spring 2023 Workshop

27-31 March 2023

Third Preparation Meeting

NEW ROOM : (STILL ACADEMIA SINICA, DIFFERENT BUILDING)

CONFERENCE ROOM, 1F,

RESEARCH CENTER FOR ENVIRONMENTAL CHANGES,
ACADEMIA SINICA

Original conference room:

Room 1, 3F, Building for Humanities and Social
Sciences, Academia Sinica

Reason to change building

- Recently found out the other conference happening in the same venue at the same week estimated having nearly 300 participants & planned to use quite a lot of space/ area near HEPiX meeting room. Therefore, the **concerns of easily being disturbed by this other event led us the decision of change.**
- **The new room has its own exclusive area, with 105 seats, and comfortable spacy area to accommodate lunch and coffee break, just outside the conference room.**
- Outside of the *Research Center for Environmental Climate Changes* has a nice outdoor deck/ balcony area, which we thought you may like.

Status Update

- **Registration** (by 21-Feb): Total 27 (22 in-person; 5 on-line)
- **Welcome Dinner (Monday, 27 March) & Gala Dinner (Wednesday, 29 March)**
 - few names in pocket; hopefully, after **early-bird deadline on 28-Feb**, we have more concrete idea of “in-person” number, so to confirm places to make **reservations**.
- **No quarantine rules at border, and no mask required indoor or outdoor.**
 - Only time that required wearing mask: when taking public transportation. (MRT & Buses)
 - Officials suggestion: If you are not feeling well and self-test positive, please stay in (your hotel).
- **Sponsors: Super Micro, Dell, HP (tbc)**
 - At the moment, Super Micro will have exhibition activity on-side. Other two needs further confirmation on their availabilities.

Entrance of the Research Center for Environmental Changes

Conference room – 105 Seats

Outside area – Deck & Balcony

Coffee break & Lunch area
