

TWEPP 2023 Topical Workshop on Electronics for Particle Physics

Sunday 1 October 2023 - Friday 6 October 2023

Geremeas, Sardinia, Italy

Scientific Programme

ASIC

Optoelectronics and Electrical Data Links

Packaging and Interconnects

Power, Grounding and Shielding

Production, Testing and Reliability

Radiation-Tolerant Components and Systems

Programmable Logic, Design and Verification Tools and Methods

FPGA, System-on-chip, Design Tools, Verification Methods, Logic, Algorithms

Module, PCB and Component Design

System Design, Description and Operation

Design, Architecture, Planning, Installation, Integration, Commissioning and Operation Experience of Systems

Trigger and Timing Distribution

Other
