

TWEPP 2023 Topical Workshop on Electronics for Particle Physics

Tuesday 3 October 2023

Production, Testing and Reliability - Sirocco Room (17:40 - 18:20)

-Conveners: Francois Vasey

time	[id] title	presenter
17:40	[84] Reliability of Power Conversion Card for CMS MTD-BTL	GADEK, Tomasz
18:00	[47] CMS ECAL VFE design, production and testing	LUSTERMANN, Werner

Wednesday 4 October 2023

Production, Testing and Reliability - Sirocco Room (09:00 - 10:00)

-Conveners: Jean-Pierre Cachemiche

time	[id] title	presenter
09:00	[87] Reliability Run and Data Analysis of the Accelerated Aging of Present and Future Electrolytic Capacitors Installed in the Protection Systems of Superconducting Magnets of the Large Hadron Collider at CERN	GUASCH MARTINEZ, Josep
09:20	[160] Overview of the production and qualification tests of the lpGBT	HERNANDEZ MONTESINOS, Daniel
09:40	[19] Hybrid designs and kick-off production experience for the CMS Phase-2 Upgrade	KOVACS, Mark Istvan
