

Session Program

3-4 May 2023

ECFA WG3: Topical workshop on calorimetry, PID and photodetectors

R&D Plans for e+e- factories

CERN, 30/7-018 - Kjell Johnsen Auditorium

Thursday 4 May

09:00

R&D Plans for e+e- factories: I

Session | Location: CERN, 6/2-024 - BE Auditorium Meyrin

09:00–09:45

Physics drivers , conceptual designs and R&D challenges for particle ID

Speaker

Ulrich Einhaus

09:45–10:15

DRD4 plans for photon detectors and PID

Speaker

Neville Harnew

10:15–10:45

DRD1 plans on gaseous detectors for PID

Speakers

Dr Francesco Grancagnolo, Francesco Grancagnolo

10:45

11:15

R&D Plans for e+e- factories: II

Session | Location: CERN, 6/2-024 - BE Auditorium Meyrin

11:15–11:45

DRD7 plans on electronics for calorimetry and PID

Speaker

Prof. Dave Newbold

11:45–12:25

DRD6 plans for sandwich ECALs

Speaker

Adrian Irles

12:25–13:00

DRD6 plans for sandwich HCALs

Speaker

Katja Kruger

13:00

14:15

R&D Plans for e+e- factories: III

Session | Location: CERN, 6/2-024 - BE Auditorium Meyrin

14:15–14:55

DRD6 plans for fibre calorimeters

Speaker

Gabriella Gaudio

14:55–15:35

DRD6 plans for crystal and homogeneous calorimeters

Speaker

Marco Toliman Lucchini

15:35

16:05

R&D Plans for e+e- factories: IV**Session** | **Location:** CERN, 6/2-024 - BE Auditorium Meyrin**16:05–16:35** **DRD6 plans for noble liquid calorimeters****Speaker**

Nikiforos Nikiforou

16:35–17:05 **DRD8 plans on mechanics for calorimetry and PID (cancelled)****Speaker**

Werner Riegler

17:05–17:35 **DRD3 plans on solid state detectors for calorimetry and PID****Speaker**

Jens Dopke

17:35–18:05**Optimisation studies and software tools, common items (electronics and infrastructure)****Speaker**

Roman Poeschl

18:05
