

Session Program

6-19 Sept 2023

**2023 EUROPEAN SCHOOL OF HIGH-ENERGY
PHYSICS**

Student Projects

Grenaa, Denmark

Sunday 17 September

20:00

Student Projects

Session | **Location:** Grenaa, Denmark

20:00–20:10

Group A: The Higgs mechanism and the origin of mass

20:10–20:20

Group B: Neutrino flavour physics (CP violation, oscillations, ...)

20:20–20:30

Group C: Searches for new physics (axions and dark matter)

20:30–20:40

Group D: Electroweak precision measurements (except Higgs)

20:40–20:50

Group E: Results on quark gluon plasma

20:50–21:00

Group F: Hadron spectroscopy and the observation of new states

23:00
