

52nd International Symposium on Multiparticle Dynamics (ISMD 2023)

Monday, 21 August 2023

Cosmic ray and astroparticle physics: A (11:00 - 12:30)

-Conveners: Charles Timmermans

time	[id] title	presenter
11:00	[45] The latest results of the Telescope Array experiment	Dr KIDO, Eiji
11:20	[46] Cosmology from strong interactions	Dr SUMBERA, Michal
11:40	[47] Fixed-target measurements contributing to cosmic rays studies	Dr MARIANI, Saverio
12:00	[8] Implications of $\mathbf{U}_{\mu} = \mathbf{U}_{\tau}$ in the canonical seesaw mechanism	Mr LU, Jianlong
12:15	[119] Dark Matter and the W Mass	Dr BRAY-ALI, Noah

Thursday, 24 August 2023

Cosmic ray and astroparticle physics: B (09:00 - 10:30)

-Conveners: Eiji Kido

time	[id] title	presenter
09:00	[44] Glueball Dark Matter	Prof. PASECHNIK, Roman
09:20	[51] The status of the GRAND experiment	Prof. TIMMERMANS, Charles
09:40	[49] Highlights from the Pierre Auger Observatory	Prof. VOROBIOV, Serguei
10:00	[48] Ultra-high-energy hadronic physics at the Pierre Auger Observatory	Dr EBR, Jan
10:15	[50] Pacific Ocean Neutrino Experiment (P-ONE): status and development	Dr MALECKI, Pawel
