

# 52nd International Symposium on Multiparticle Dynamics (ISMD 2023)

## Tuesday, 22 August 2023

**Flash talks/5 min oral presentations of posters: A (18:00 - 18:35)**

-Conveners: Mate Csanad

time	[id] title	presenter
18:00	[55] Pion interferometry with Levy sources in $\sqrt{s(NN)}= 200$ GeV Au+Au Collisions at STAR	Dr KINCSES, Dániel
18:05	[10] New Quark Matter Card Games (1): Interactions of elementary particles	Ms UZELAC, Ana
18:10	[11] New Quark Matter Card Games (2): The Eightfold Path	Ms UZELAC, Ana
18:15	[26] Estimating elliptic flow coefficient in heavy ion collisions using deep learning	Mr MALLICK, Neelkamal
18:20	[131] The Future of Quantum Supercomputing and Space	Mr IKIN, Cameron
18:25	[130] Jet-medium interactions through vortex ring formation inside the QGP	Mr RIBEIRO, Vítor Hugo
18:30	[9] Forward-Backward multiplicity analysis and cluster formation in pp collisions at $\sqrt{s} = 0.9, 7$ and 8 TeV from the CMS experiment	Dr ONG, Zongjin
