COMPASS Collaboration Board Meeting

March 9th 2023

- Slides presented by J. Mnich on February 13th

Meeting with the non-LHC experiments

Joachim Mnich

February 13th 2022

Authorlist for Publications

Agreement between the 4 large LHC collaborations

Common voting of the Collaboration Board members on 3 options

Largest support found for so-called option C (see below)

LHC collaborations will start publishing soon again after some technical points implemented

CERN management is behind the solution

And would like to see a common approach by all CERN experiments

Option C as Adopted by the 4 Large LHC Collaborations

Proposal C:

Authors affiliated with Russian or Belarussian institutes, or with JINR, sign the Collaboration's scientific publications with their names and ORCID identifiers (where available), and the institute affiliation is replaced, respectively, by the reference:

"Affiliated with an institute [or an international laboratory] covered by a cooperation agreement with CERN."

The complete author list including all institute affiliations is made available to the journal in a non-public form for the purpose of machine-readable analysis or as historical data.

The publication committees of the collaborations will be charged with investigating the technical implementation details with the journals.

No acknowledgement to the Russian and Belarussian funding agencies and JINR is made.

On request, the experiment management will release a certificate attesting the contribution of the aforementioned institutes and funding agencies, or of JINR, to the work presented in the publication.

If the Collaboration Board agrees,

COMPASS papers will be submitted with an author list where the affiliation

“Joint Institute for Nuclear Research, 141980 Dubna, Moscow region, Russia”

will be replaced by:

“Affiliated with an international laboratory covered by a cooperation agreement with CERN”

and the affiliations:

- “Lebedev Physical Institute, 119991 Moscow, Russia”
- “State Scientific Center Institute for High Energy Physics of National Research Center ‘Kurchatov Institute’, 142281 Protvino, Russia”
- “Tomsk Polytechnic University, 634050 Tomsk, Russia”

will be replaced by:

- *“Affiliated with an institute covered by a cooperation agreement with CERN”*

An author list with the full name of all Institutes will be provided to the editor in a non-public form.
