

UPC 2023: International workshop on the physics of Ultra Peripheral Collisions

Sunday, December 10, 2023 - Friday, December 15, 2023

Playa del Carmen

Scientific Program

Session 1: Vector meson photoproduction

Session 2: Two-photon physics

Session 3: UPC and saturation

Session 4: Inclusive photonuclear interactions

Session 5: EM and peripheral events

Session 6: MC and UPCs

Session 7: Future LHC experiments and EIC
