

# UPC 2023: International workshop on the physics of Ultra Peripheral Collisions

## Friday 15 December 2023

### Future RHIC and experiments, and the EIC (16:30 - 17:30)

-Conveners: Tommaso Isidori; Vadim Guzey

time	[id] title	presenter
16:30	[22] A Forward Calorimeter in ALICE	ARSENE, Ionut Cristian
17:00	[36] Light-by-light scattering in ultraperipheral collisions of heavy ions with future FoCal and ALICE 3 detectors	SZCZUREK, Antoni

### Future RHIC and experiments, and the EIC (18:00 - 19:15)

-Conveners: Zhoudunming Tu; Iwona Grabowska-Bold

time	[id] title	presenter
18:00	[67] UPC physics with ALICE in Run 3	KHATUN, Anisa
18:15	[40] Exclusive $\eta_c$ production by $\gamma\gamma$ interactions in electron-ion collisions	BABIARZ, Izabela
18:45	[64] Exclusive Vector Meson Physics at the EIC	SANTIESTEBAN, Nathaly
