

# 16th Topical Seminar on Innovative Particle and Radiation Detectors (IPRD23)

## Wednesday 27 September 2023

### Session 11: Future experiments (14:40 - 16:10)

-Conveners: Federica Simone

time	[id] title	presenter
14:40	[107] Beam test result of the sealed MRPC prototype for CEE-eTOF	WANG, Botan
15:00	[108] Status of the FAMU experiment at RIKEN-RAL for a precision measurement of the Zemach radius of the proton in muonic hydrogen	ROSSINI, Riccardo
15:15	[109] Characterization of the FOOT neutron detectors for nuclear fragmentation measurements at the n_TOF facility	ZARRELLA, Roberto
15:30	[110] The SHADOWS experiment at the CERN SPS	CICERO, Valentina
15:50	[111] A prototype electromagnetic calorimeter for the MUonE experiment: status and first performance results	SPEDICATO, Eugenia
