

Compute Accelerator Forum

Introduction

2023-07-12

Ben, Graeme, Maria, Michael, Stefan

Compute Accelerator Forum - 12 July

- Welcome to today's Compute Accelerator Forum meeting
- We'll hear from David Rohr (CERN) on the ALICE O2 Software framework and GPU usage in Run 3
- We now break for the Summer, reconvening in September:
 - 13 Sept - Jonas Hahnfeld (+ ??) - RISC-V
 - 11 Oct - Atila Neves - Introduction to the D language
 - 8 Nov - Domenico Giordano - The HEPIX benchmarking project
 - Full meeting details on Indico: <https://indico.cern.ch/category/12741/>
- As ever **if you would like to present or to propose a topic, please get in touch**
 - compute-accelerator-forum-organizers@cern.ch
- Have a restful Summer and we'll see you back in September!
