

Session Program

30-31 May 2023

ECFA WG3: Topical workshop on tracking and vertexing

Conceptual designs and related R&D challenges

CERN, 31/3-004 - IT Amphitheatre

Tuesday 30 May

15:30

Conceptual designs and related R&D challenges

Session | Location: CERN, 31/3-004 - IT Amphitheatre

15:30–16:25

Conceptual designs and R&D challenges for vertex detectors and silicon trackers

Speaker

Dr Auguste Guillaume Besson

16:25–17:05

Conceptual designs and R&D challenges for drift chambers

Speakers

Francesco Grancagnolo, Dr Francesco Grancagnolo

17:05–17:45

Conceptual designs and R&D challenges for TPCs

Speaker

Paul Colas

18:10
