

ROOT Swag

Some (preliminary) ideas

Background

Way back in December, Garima & Baidyanath & I were discussing how it would be cool to have a ROOT t-shirt...

... A few days later:

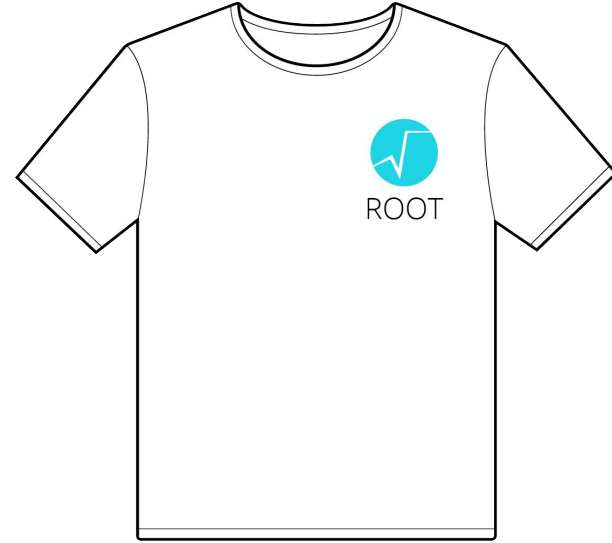

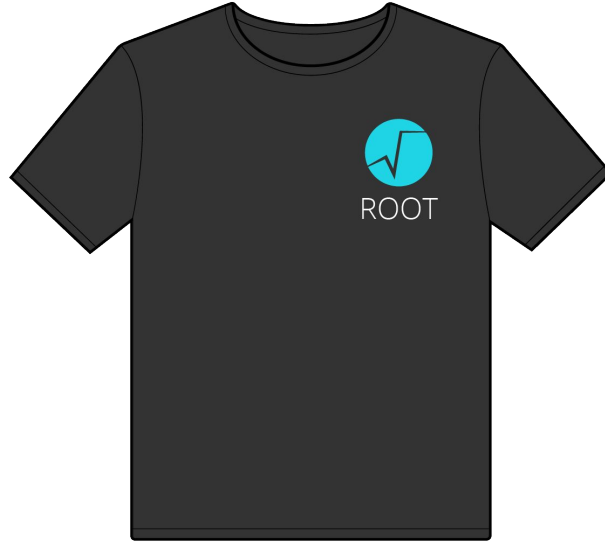

Hey ROOTers,

Longtime user/lurker on ROOT forum. I just moved to an office where everyone uses Jupyter notebooks and would like to express my love and appreciation for ROOT in a public way. A great way to do this would be to have a ROOT t-shirt or something like that. Sadly ROOT swag doesn't seem to exist. Can we make this happen?

Some initial back & forth, but this person stopped replying after a while :(

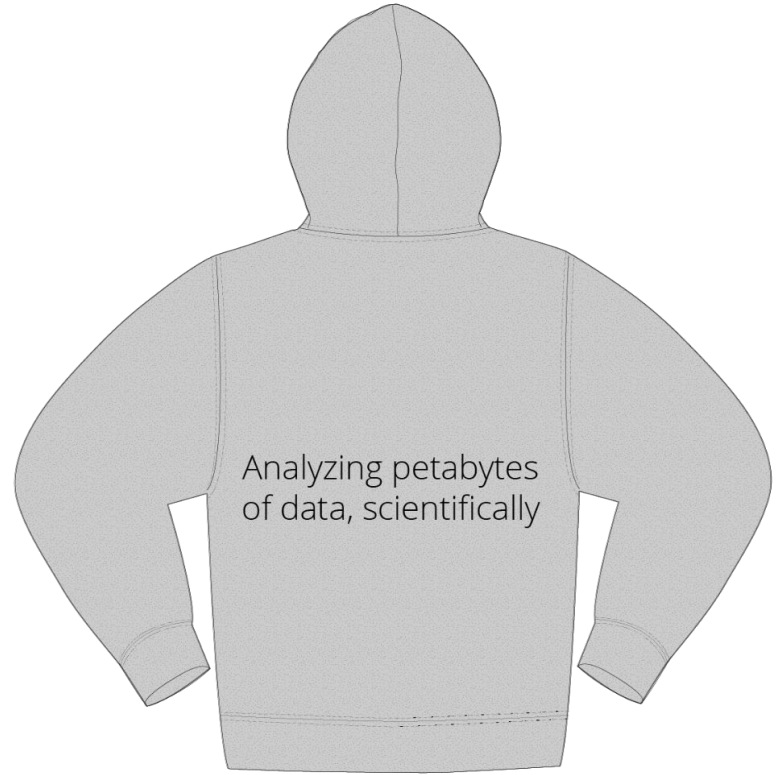

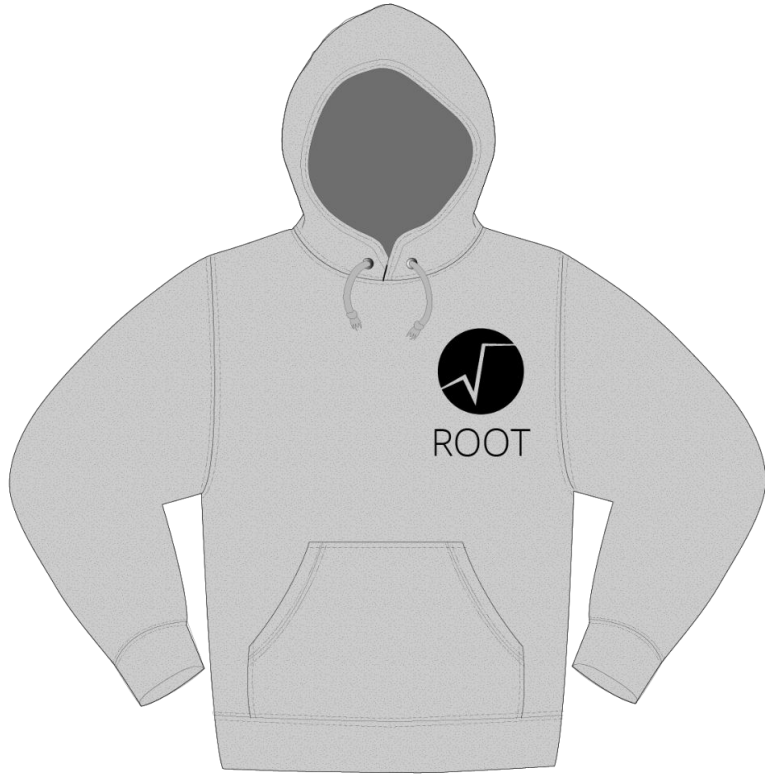

Then Christmas came, work had to be done, sort of forgot about it, etc, etc... Until now!
