

MCnet Students and Postdocs Committee

25th MCnet Meeting, CERN

Current MCnet

- Previously a training network but not funded currently
- Meet once a month to organise ourselves/Relevant updates (CB)
- PhD students/postdocs locally funded
- Future schools: in Durham 2023
- **Moving forward**
 - As a working group under LPCC
 - Access to CERN Computing infrastructure
 - MCnet meetings and Summer schools at CERN

MCnet meetings: Purpose

- For seniors to meet and collaborate
- Updates on recent developments/status of the network
- Training events for juniors (previously)
 - Talks by PhD students and postdocs
 - Stress free conference practice
 - Networking!

MCnet S&P Committee

- **Main Functions**

- Representatives in MCnet collaboration board
- Create a community of young MCnet physicists
- Regular journal club/computer club sessions (Juniors only)

- **Plans for weekly sessions**

- Would like to invite old PhD students to say what they're doing now (from industry)
- Perhaps a Q&A session with a senior MCnet person like in MCnet school

- **Sign up to this community**

- Subscribe to **mcnet-studentsandpostdocs** mailing group at <https://e-groups.cern.ch>
- Join on Discord at <https://discord.gg/sXj7jYyDSc>

MCnet S&P Committee (Important Announcement)

- Call for new volunteers
 - Previously managed by Andrew, Conor, Pratixan, Peter
 - Andrew, Conor are leaving soon
 - Crucial to keep the Journal club/Computer club going
 - Visibility to senior board members
- Contact Pratixan (pratixan123@gmail.com) for more details

Questions or Feedback?

Session open for discussion and ideas on how the S&P committee should operate/organize
