

59th Geant4 Technical Forum : Introduction to developers' part

Marc Verderi

LLR, Ecole polytechnique

6th April 2023

Developers' Presentation & Recent News

- Presentations by Geant4 developers:
 - Today's Technical Forum is dedicated to discuss the 2023 Geant4 plan of work.
 - Presentations will cover
 - the non-physics part (Gabriele), EM (Vladimir) and Hadronic (Alberto)
 - for what the 11.2 release is concerned
 - The planned R&D activities (Witek)
 - Update on requirements (Marc)
- Recent news:
 - On the 7th of March was the feed-back from the November 2021 "Common Software Review Projects".
 - Closed session, with public report soon.
 - Feed-back was very positive, and the need for tackling the expertise disruption risk in the coming years well recognized.
