# The advantages/disadvantages of the two locations in China

Locations	Advantages	Disadvantages
Beijing	Convenient for travel	Need a visa
Haikou City, Hainan Province	Visa free entry for 59 countries Requires to enter Hainan by flying from outside of mainland China (e.g., a transit at Peking does not work).  With possibilities of organizing joint activities in CPS annual meeting	Slightly inconvenient for travel  Very likely there is no direct flight to Haikou city. One needs to take a transit at Hong Kang, Macao, Singapore, Bangkok, Paris, Geneve, etc.

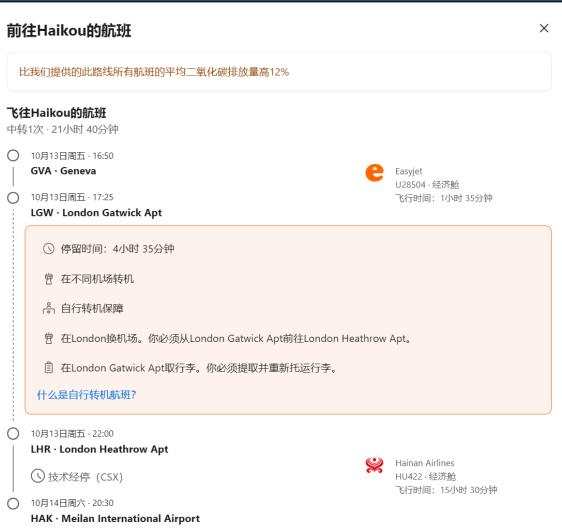

# About travel: take a transit from Hong Kang to Haikou

Hong Kang is a visa-free place for most countries

### About travel: Haikou – London - Geneve

# About travel: Paris – Singapore/Bangkok - Haikou
