

# Suggestion of the ASFAP final report structure

## Contents

### Acknowledgements

### Forward

### Executive summary

### Ethics in physics

### Observers Committee

## 1. African Strategy of Fundamental and Applied Physics

- 1.1 Introduction and Motivation
- 1.3 Goals of the African Strategy
- 1.4 Scope of the African Strategy.
- 1.5 Process
- 1.6 Delivery plans

## 2. Physics working groups

### 2.1 Accelerators

- 2.1.1 Introduction
- 2.1.2 Motivation
- 2.1.3 Scientific activities
- 2.1.4 Major challenges
- 2.1.5 High-priority future needs
- 2.1.6 Synergies with neighbouring fields
- 2.1.7 Environmental and societal impact
- 2.1.8 Conclusion and perspectives

### 2.2 Astrophysic & Cosmology

- 2.2.1 Introduction
- 2.2.2 Motivation
- 2.2.3 Scientific activities
- 2.2.4 Major challenges
- 2.2.5 High-priority future needs
- 2.2.6 Synergies with neighbouring fields
- 2.2.7 Environmental and societal impact
- 2.2.8 Conclusion

### 2.3 Atomic & Molecular

- 2.3.1 Introduction
- 2.3.2 Motivation
- 2.3.3 Scientific activities
- 2.3.4 Major challenges
- 2.3.5 High-priority future needs
- 2.3.6 Synergies with neighbouring fields
- 2.3.7 Environmental and societal impact
- 2.3.8 Conclusion

.....

## **2.16 Particle Physics**

- 2.16.1 introduction
- 2.16.2 Motivation
- 2.16.3 Scientific activities
- 2.16.4 Major challenges
- 2.16.5 High-priority future needs
- 2.16.6 Synergies with neighbouring fields
- 2.16.7 Environmental and societal impact
- 2.16.8 Conclusion

## **3. Community Engagement**

- 3.1 Principles and Definitions
- 3.2 Relationship between Community Engagement & Capacity Building
- 3.3 Outreach Goals and community needs
- 3.4 Community Goals & Priorities

## **4. Physics Education**

- 4.1 Outline physics education goals
- 4.2 Learning approach and challenges
- 4.3 Major challenges facing public schools
- 4.5 Physics laboratory in High school
- 4.6 How to promote active learning?

## **5. Women in Physics**

- 5.1 Introduction
- 5.1 Goals and challenges
- 5.2 How to promote a regional African initiative ?

## **6. Young Physicists**

- 6.1 Introduction
- 6.1 Goals and challenges

## **7. Resources**

**8. Recommendation**

**9. Implementation of the African strategy**

**10. Summary and conclusion**
