

Session Program

11-13 Dec 2023

11th Symposium on Large TPCs for low-energy rare event detection

Cosmology

Université Paris Cité, L'amphithéâtre Vulpian
12 rue de l'école de Médecine 75006 Paris

Tuesday 12 December

11:00

Cosmology

Session | **Location:** Université Paris Cité, L'amphithéâtre Vulpian, 12 rue de l'école de Médecine 75006 Paris

11:00–11:45

Consequences of James Webb first-year observations on our understanding of the early evolution of galaxies

Speaker

Emanuele Daddi

11:45–12:30

NanoHertz Gravitational Waves Detection using Pulsars

Speaker

Mikel Falxa

12:30
