

Session Program

20-21 Jun 2023

Low Density Materials for Beam Instrumentation Workshop

Beam instrumentation needs 1/2

CERN, 774/1-079

Tuesday 20 June

09:20

Beam instrumentation needs 1/2

Session | **Location:** CERN, 774/1-079

09:20–09:40

Screens for BTV instrumentation

Speaker

Stephane Burger

09:40–10:00

Experience with CNT wires in high electric field

Speaker

Louise Olivia Jorat

10:00–10:20

Use of CNT fibers for the beam instrumentation with wire-scanners

Speaker

Alexandre Mariet

10:20
