

Session Program

20-21 Jun 2023

**Low Density Materials for Beam
Instrumentation Workshop**

Manipulation

CERN, 774/1-079

Tuesday 20 June

15:55

Manipulation

Session | Location: CERN, 774/1-079

15:55-16:25

Presentation of CMNR's μ Robotex station, handling carbon nanotubes and measuring flexoelectricity

Speaker

Jean-Yves Rauch

16:25-16:55

Microscopic characterization activity at CERN

Speaker

Ana Teresa Perez Fontenla

16:55
