

Session Program

5-6 Jul 2023

MuCol: training on detector design and physics performance tools

Hands on

CERN, 40/S2-C01 - Salle Curie

Thursday 6 July

09:00

Hands on: Software and computing: advanced topics

Session | Location: CERN, 40/S2-C01 - Salle Curie

09:00–09:20 **Beam Induced background description**

Speaker

Nazar Bartosik

09:20–09:55 **Hands on: Beam Induced Background overlay to physics event**

Speaker

Nazar Bartosik

09:55–10:30 **Hands on: Modify the detector geometry**

Speaker

Lorenzo Sestini

10:30–11:00 **Coffee Break**

11:00–12:30 **Open hands on: from beginners to advanced**

14:00
