

Conclusion

A3D3 High-Throughput AI Methods and Infrastructure Workshop

July 10-14 2023

Melissa Quinnan

Highlights

- First A3D3 trainee-driven workshop
- 78 registrants
- First hackathon event featuring datasets/challenges related to active research (Thanks to [Seungbin Park](#), [Megan Lipton](#) & [Brian Healy!!](#))
- Research talks & affiliate flash talks
- Reception poster session & awards
- CENPA Lab tour (Thanks to [Prof. Alejandro Garcia!](#))
- Banquet/working dinner
- Productive town hall

Moving Forward

- Notes/slides in the indico
 - Recordings coming soon!
- Continue hackathon with regular team meetings
 - Update at FastML workshop?
 - White papers?
- Look forward to potential second edition of the workshop next year?
