Community Discussion

Wednesday 28 June 2023 16:20 (30 minutes)

Status/future of tools

- Do Professor and Apprentice need to be separate entities? At what level are they expected to be maintained?
- What interest is there in other tools like MCNNTUNES?

Need for strengthening interactions between communities?

- LHC -> Nuclear -> Neutrinos -> Elsewhere?

Anything else?

Tutorial

Tuesday 27 June 2023 17:20 (1h 10m)

In this session we will explore how modifying parameters in Pythia modifies observable distributions. To run the tutorial, you must have Docker installed and running on your machine. To start the tutorial, run the following in a command line:

```
docker run --rm -u 'id -u USER' -vPWD:PWD -wPWD -p 8888:8888 -it pythia8/tutorials:hsf23
```

Then, open a web browser and paste the URL given in the terminal to open up the Jupyter notebook.
