

25th International Workshop on Radiation Imaging Detectors.

Tuesday 2 July 2024

Applications & Sensor Materials: Session 6 - Main Auditorium (11:00 - 12:20)

time	[id] title	presenter
11:00	[144] Characterization of charge integrating detectors with iLGAD sensors in the soft X-ray energy range	CARULLA ARESTE, Maria del Mar
11:20	[133] Ultrafast Diffraction Imaging: Hybrid Pixel Detectors in 4D STEM	Dr STEJSKAL, Pavel
11:40	[146] Performance of CdTe and CZT detectors	Dr KALLIOKOSKI, Matti
12:00	[67] Optimizing Charge Sharing Simulation for Deep Learning Enhanced Spatial Resolution of the MÖNCH Detector	Dr XIE, Xiangyu
