

Symposium on Scientific Archives

Contribution ID: 27

Type: **Presentation (20 minutes including questions)**

The web portal “Archivi della scienza”. A webportal for science archives in Italy

Wednesday 28 June 2023 09:50 (20 minutes)

“Archivi della scienza”(Archives of science: www.archividellascienza.org) is a web portal created with the dual purpose of facilitating archival research for historians, and attracting a wider audience to archives in general, and to history of science. The presentation examines some of the practical and methodological problems in its implementation and development.

Presenter: Prof. PAOLONI, Giovanni (full professor at the University of Rome –“Sapienza”, teaching Archival Theory and History and Policies of Scientific Research)

Session Classification: Session 3
