

Welcome!

A group photo of IRIS-HEP PIs and team members during the kickoff meeting at the University of Chicago on October 31 - November 2, 2018

Logistics for the Workshop

First, the important stuff -

- **Restrooms:** Directly outside of Orchard View
- **WiFi:** eduroam throughout campus (in this building, “Discovery Guest” works as well).
- **Coffee:** Coffee and light refreshments provided at breaks.
 - Need the good stuff in between? Try Aldo’s downstairs.
- **Lunch:** On your own; [overview of options posted on Indico](#).
 - Undecided? Ask a local! We all have opinions
 - E.g., The Library is a fan favorite – but is small and can get quite busy during the lunch rush.

Workshop’s Code of Conduct: <https://iris-hep.org/about/code-of-conduct>

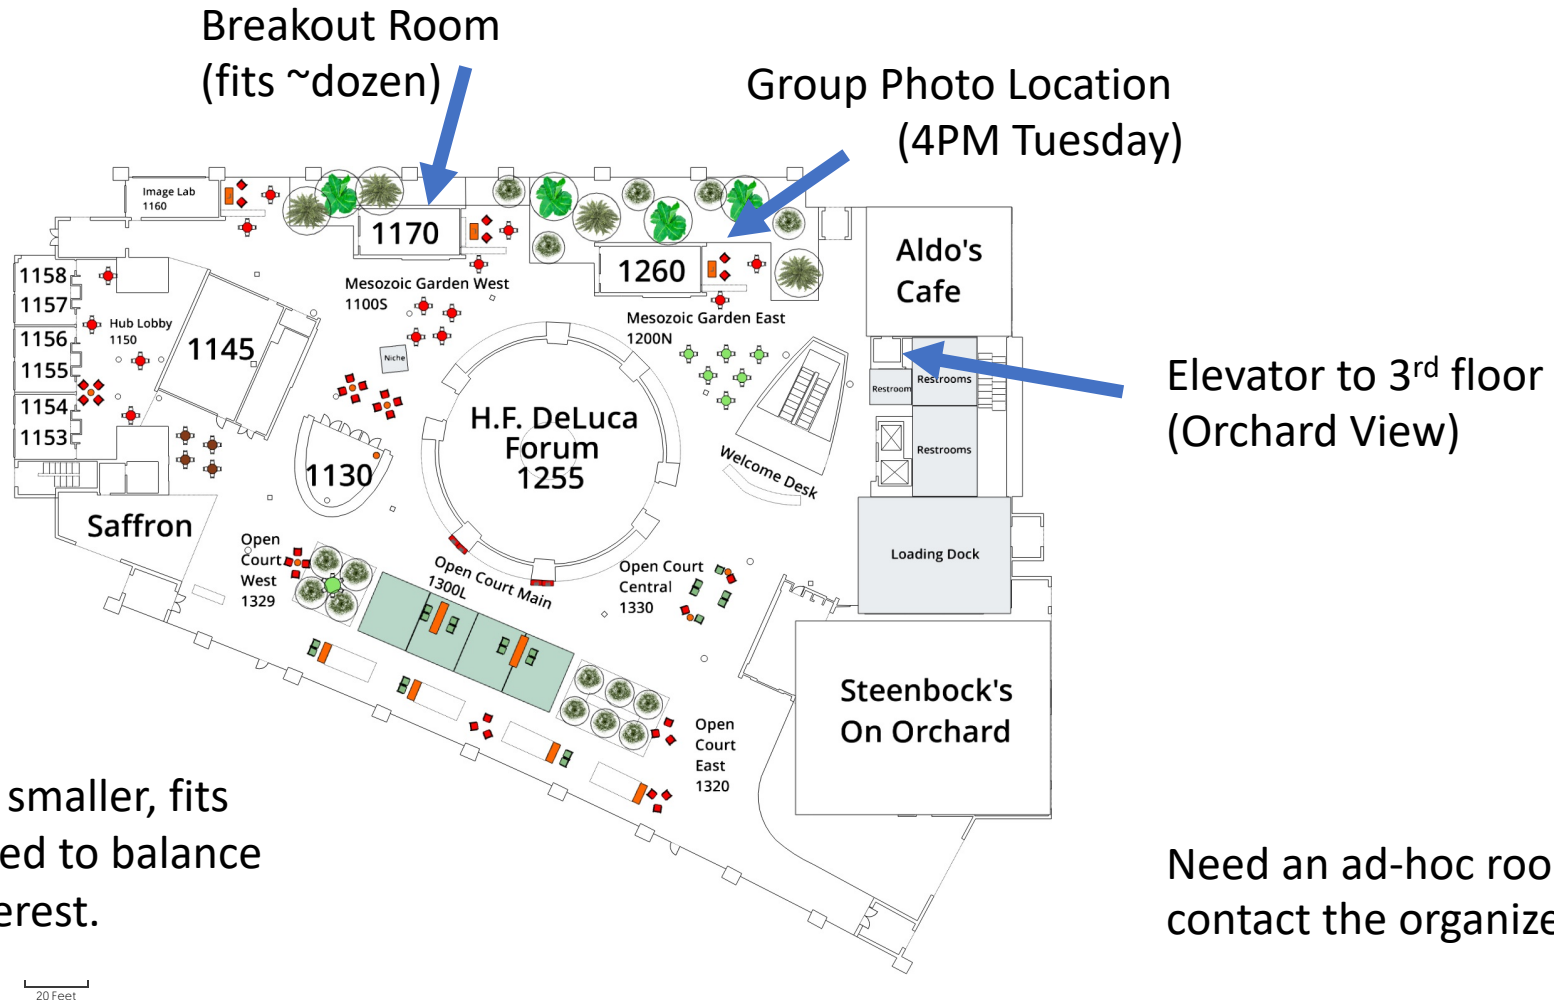

For Remote Participants

We're happy to have you participate as well!

- [Please see Indico](#) for the Zoom links (need to be logged in to view).
- There are two Zoom rooms setup,
 - one for the main room (plenaries and larger breakouts),
 - one for breakouts.
- **Zoom problems?** Session chairs have co-host privileges added and can help mute / setup screen share as needed.
 - There's an Owl setup in each room; A/V should be reasonable.

Please use best practices to make sure everyone can participate!

Other Locations in this Building – First Floor

Note: the breakout room is smaller, fits about a dozen. We may need to balance the breakouts based on interest.

Need an ad-hoc room? Please contact the organizers.

This Evening – Memorial Union Terrace

(Stock photo from <https://union.wisc.edu/>)

After the program, we'll head out to the terrace for a relaxing evening.

- Good for beer, “Wisconsin food”, and conversation!

(In case of rain, we'll head inside to the Rathskeller.)

Tomorrow – Group Dinner, Eno Vino Downtown

- Eno Vino is on the 10th floor of the AC Marriott.
 - Group reservation is at 7:00.
- We've passed along dietary restrictions to Eno Vino.
 - Please reach out with any concerns.

While there, make sure to catch a view of the capitol building!

Let's Get Started!

Join the #retreat channel on the
IRIS-HEP Slack!

For any issues, please
reach out to the
organizer's mail list:
