Quantum Techniques in Machine Learning (QTML conference 2023)

Friday 24 November 2023

Reinforcement Learning and Robust Learning - 500/1-001 - Main Auditorium (12:00 - 13:02)

-**Conveners: Sofiene Jerbi**

time	[id] title	presenter
12:00	[68] Quantum adaptive agents with efficient long-term memories	ELLIOTT, Thomas
12:30	[69] Talk cancelled: Self-Correcting Quantum Many-Body Control using Reinforcement Learning with Tensor Networks	METZ, Friederike
12:31	[70] Quantum machine learning with enhanced adversarial robustness	WEST, Maxwell
12:47	[71] Quantum algorithm for robust optimization via stochastic-gradient online learning	HUEY CHIH LIM, Debbie
