Session Program

24–26 May 2024
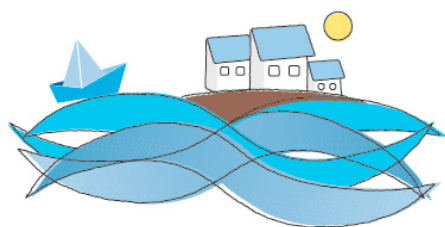

MEDAMI 2024 - Inflammation and Infection Imaging

Can AI/ML/Deep Learning contribute to Molecular Imaging of Inflammation and Infection?

Saturday 25 May

14:40

Can AI/ML/Deep Learning contribute to Molecular Imaging of Inflammation and Infection?
Session | **Location:** Palazzo Pancaldi, Livorno, Italy | **Convener:** Kuangyu Shi

14:40–15:00 **Role of multi-phase scintigraphy**

Speaker
Olivier Gheysens

15:00–15:20

Advancements in Parametric Imaging: Applications, Challenges, and Opportunities

Speaker
Dr Alessia Artesani

15:20–15:40 **Overview of AI/ML/Deep Learning: Physicist's view**

Speaker
Kuangyu Shi

15:40–16:00 **Overview of AI/ML/Deep Learning: Physician's view**

Speaker
Guido Rovera

16:00–16:20

Challenges in AI applied to medical image analysis in COVID-19 infection

Speaker
Camilla Scapicchio

16:20–16:50 **Round table**

16:50
