

Heavy flavour production studies at CMS

Friday 19 July 2024 08:45 (15 minutes)

Recent CMS results on production of open heavy flavor hadrons and quarkonia in pp collisions are discussed. The measurements are performed with data collected in pp collisions at $\sqrt{s}=13$ TeV between 2016 and 2018.

Alternate track

1. Quark and Lepton Flavour Physics

I read the instructions above

Yes

Primary authors: CMS; YANG, Yewon (Deutsches Elektronen-Synchrotron (DE))

Presenter: YANG, Yewon (Deutsches Elektronen-Synchrotron (DE))

Session Classification: Strong interactions and Hadron Physics

Track Classification: 06. Strong Interactions and Hadron Physics
