

Session Program

13 March 2006

**Mini Workshop on Radiation hard Optical
Fibres for the LHC machine**

***Results on radiation test on samples from
various manufacturers***

CERN, 54/2-035

Monday 13 March

10:00

Results on radiation test on samples from various manufacturers

Session | Location: CERN, 54/2-035 | Convener: Mr Luit De Jonge

10:00-11:00

Radiation Tolerant fibres for LHC controls and communications

Speaker

Jochen Kuhnhen

11:00-12:00

Comments on Radiation tests OF

Speaker

T. Wijnands

12:30
