[Introduction and Logistics](#)

Matthew Feickert, Lukas Heinrich, Giordon Stark

December 4th, 2023

Welcome!

The pyhf developer team is happy to have you all participating in this workshop!

If you have any questions throughout the week please ask one of us and/or email pyhf-workshop-organisers@cern.ch

Matthew Feickert

Giordon Stark

Lukas Heinrich

Workshop Goals: Users Section (Monday - Wednesday)

- Bring the **user community together** to discuss use and find potential overlaps (kernels for common use/new features) and collaborations
- Learn what tooling is being built **on top of** pyhf to meet analysis needs
 - Can this be put into common libraries (e.g. [cabinetry](#), [spey](#))?
 - Projects to extend for analysis (e.g. [abcd_pyhf](#), [neos](#), [bayesian_pyhf](#))
- Study **user experience**: identify common pain points, areas for improvements
- Start writing these down **collectively** in the [workshop Google Doc](#)

Workshop Goals: Developers Section (Thursday - Friday)

- Make everyone who wants to contribute to pyhf feel **empowered** to do so and equipped with knowledge of how
 - pyhf is an open source project for the whole community. It can be **your** project too.
- On-boarding session to induct **new (and old)** developers
- **Birds of a Feather** sessions: optimization, models, docs, etc.
- **Developer sprints**: got a task/feature/bug you wanna work on or fix? Documentation to improve?
- Sign up new volunteers to the developer team!
- Start writing these down **collectively** in the **[workshop Google Doc](#)**

Safety and Evacuation

Follow these signs:

EVACUATION	
	A l'audition du signal <i>When the alarm rings</i>
	Fermez portes et fenêtres <i>Close doors and windows</i>
	Suivez le balisage <i>Follow the signs</i>
	N'utilisez pas l'ascenseur <i>Do not use the lift</i>
	Se rendre au point de rassemblement <i>Report to the assembly point</i>

INCENDIE/FIRE	
	7 44 44
	Donnez l'alarme <i>Set off the alarm</i>

	Fermez portes et fenêtres <i>Close doors and windows</i>
	N'utilisez pas l'ascenseur <i>Do not use the lift</i>
	Combattez le feu <i>Start fighting the fire</i>

1. If alarm sounds, leave the building using the nearest and safest exit route. All doors should be closed (but not locked) on leaving.
2. If possible take your personal belongings (such as handbags and briefcases) with you when you leave. Do NOT return to collect belongings.
3. In the case of a fire, do not use the lifts.
4. Assist any person with a disability or reduced mobility to leave the building. Use evacuation chairs to carry people down the stairs.
5. Walk quickly and calmly to the designated assembly area (see below) for your building or as advised by an Emergency Guide or Fire and Rescue Service personnel.
6. Remain at the assembly area (in groups) until instructed to leave by the TSO or Fire and Rescue Service personnel.
7. Do not re-enter the building until informed that it is safe to do so by the TSO or Fire and Rescue Service personnel.
