

Your CERN openlab Summer Student Experience

- ❖ Congratulations, you were selected from 1770 applications!
- ❖ 9 weeks contract
- ❖ Work on a project together with your CERN supervisor
 - ❖ Project report
 - ❖ Initial draft after 4 weeks (table of content, main sections)
 - ❖ Final draft to your supervisor a week before leaving
- ❖ A 5-minute 'lightning talk' to describe your project and its outcome in August
- ❖ Visits to CERN experiments and installations
- ❖ A series of lectures about IT, computing and data management applied to HEP and other scientific domains
- ❖ Possibility to attend Workshops
- ❖ The CERN openlab summer student webfest!

CERN openlab lecture programme

Bring your own coffee...

CERN openlab summer student lecture and training programme can be found here:

[Lecture programme · Indico \(cern.ch\)](#)

Lectures start at 14:00 in general, but please always check the programme!

As CERN openlab summer students you are required to attend the lectures 😊

The openlab lectures start on July 4th!

Physics Lecture Programme Schedule (Main auditorium):

The MS/NMS lecture programme "aims at providing a pedagogical introduction to all the areas of the CERN research Mission".

The full programme can be found here:

[Lectures 2023 | summerstudent.web.cern.ch](https://summerstudent.web.cern.ch/lectures/2023)

- You are welcome to attend as many lectures as you feel that you can manage. Please discuss with your supervisor.
- The MS/NMS programme is also setting up workshops that might be of interest to you [Workshops | summerstudent.web.cern.ch](https://summerstudent.web.cern.ch/workshops)

Events, excursions

- ❖ Welcome drink for all summer students 4th of July at 17 h in R2
- ❖ Treasure hunt in Geneva, date TBC
- ❖ CERN visits to experiments and installations
- ❖ Webfest
- ❖ Final Lightning talk session
- ❖ Openlab summer student BBQ on July 24th
- ❖ ...and anything else you can think of!

openlab summer student team 2023

Webfest 2023

- Running Friday 21 July – Sunday 23 July
- Held in-person, building 40
- This year's theme is **education, science, research**
- CERN's cutting-edge technologies in other spheres
- We encourage all openlab summer students to take part in the Webfest – to share their skills, experience and collaborate with others.

A promotional poster for Webfest 2023. The background is dark blue. At the top, a pink banner reads 'JULY 21-23 • BUILDING 40'. The main title 'WEB FEST CHALLENGE 2023' is centered in large, bold, multi-colored letters (white, green, pink, black). Below the title is the hashtag '#CERNWEBFEST'. The theme 'SCIENCE + TECH DATA + CREATIVITY COMMUNITY + YOU' is written in white and green. A pink banner at the bottom of the theme section reads 'EDUCATION, SCIENCE, RESEARCH'. At the very bottom, there is a Facebook icon, 'CERN Webfest', a globe icon, and the URL 'https://webfest.cern'. Below that, a line of text says 'Contribute your knowledge to develop innovative app ideas, collaborate with amazing people and help improve education, research, and open science.' The poster is decorated with various white icons: a DNA helix, an atom, a calculator, a microscope, a test tube, a graph, a recycling symbol, a bar chart, and a cloud with an arrow.

Questions?

Summer.Students.financialinfo@cern.ch

There is a 10 % reduction for meals at lunch time at the Novae restaurants, applicable to students under 25 years. Reduction cards available in your secretariat.

Safety at CERN

Each person ... shall actively contribute to the implementation of the CERN Safety Policy through:

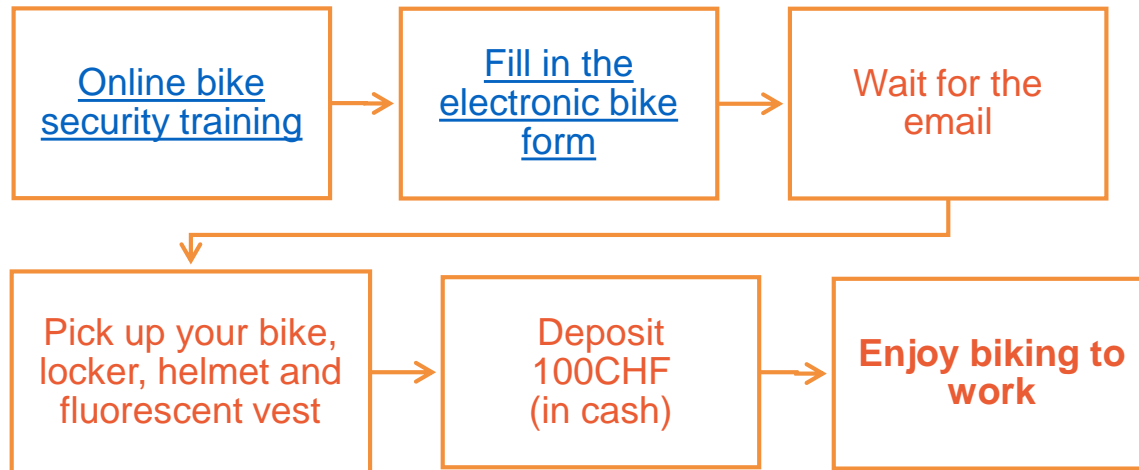

- Exemplary conduct
- Compliance with CERN Safety Rules
- Actively seeking information to minimize risks
- Avoiding dangerous situations for her/himself
- Exercising the responsibilities given to her/him safely
- Presentation on CERN security on July 4th

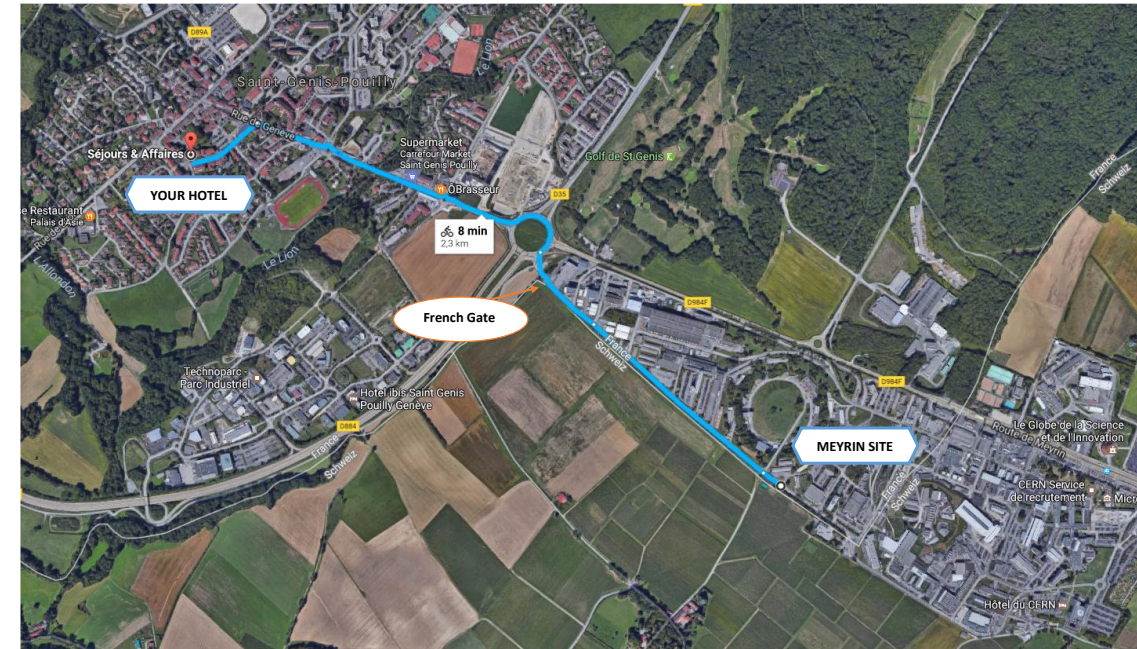

Bike to work

You can loan a bike at CERN for free! (Mobility Center, next to Entrance A)

How?

Map Meyrin-Hostel by Bike:

Careful:

- Always wear your **helmet and fluorescent vest**
- Pay attention: at the **roundabout in Saint-Genis**, you do not have priority!

Communications

Contact the communications office

Andrew Purcell
Communications officer

Laraib Khan
Junior communications officers

Marina Banjac
Junior communications officers

We encourage you to **communicate about your work publically**.

We can **provide you with guidance**, facts/figures, and other info.

If you are contacted by the media, **let us know**.

It is important, however, that you please **contact us first!**

It is vital that you respect **confidentiality agreements**.

Be sure to remember **the CERN Code of Conduct**: <http://cern.ch/go/CbD8>.

Hotel and cleaning

Séjours & Affaires Saint Genis

The facilities:

- **Green area**
- **Fitness** room
- **Balcony** in each apartment
- Parking (also for **bikes**)
- Washing machine (5€/machine)...

Cleaning:

- For your own comfort and to avoid any conflict, **keep your apartment clean during your stay**

Vacuum cleaner and other cleaning equipment available at the reception

Cleaning plan usually helps 😊

You will pay a **cleaning fee** at the end of your stay, this will be added to your last hotel invoice. (around 10 Euros/person)

The location:

- Shops, restaurants, bars, bakeries nearby
- **Picnic area** in a few minutes on foot
- Close to **CERN**
- 30 minutes away from **Geneva**

Noise:

- Remember that you aren't alone in the hostel
- Buy ear plugs!

Communications

For you today

Don't forget to pick up your **t-shirt** ...

Group photo

A group photo will be taken on **Monday 17th July, 11:30**
Don't forget: **add this to your calendar.**

Meet in front of the Globe

Remember to **wear your T-shirts!**
