

FORUM ON LEPTON COLLIDER PHYSICS IN THE LHC ERA

- The DPF is beginning to plan the next Snowmass meeting
- Lepton colliders: current status, key challenges
- Program
 - Electron Collider Physics (Jonathan Bagger, Johns Hopkins)
 - ILC (Andrew White, Texas Arlington)
 - CLIC (Lucie Linssen, CERN)
 - Muon Collider Physics (Tao Han, Pittsburgh)
 - Muon Collider (Ronald Lipton, Fermilab)
- Time is short, discussion may continue into the Town Hall meeting, which immediately follows this session
[Accelerator Physics parallel session: Friday 8am, Rm 557]
