

DPF 2011

Monday 08 August 2011 - Saturday 13 August 2011

Rhode Island Convention Center

Scientific Programme

The program will consist of plenary sessions with invited talks and parallel sessions of both invited and contributed presentations in the afternoons. A poster session will take place on Tuesday.

Plenary

Accelerator Physics

Beyond the Standard Model

Computing in HEP

CP-Violation

Detector Technology and R&D

Education and Outreach

Electroweak Physics

Field and String Theory

Hadron Spectroscopy

Heavy Ion Physics/Hot and Dense QCD

Heavy Flavor Physics (bottom, charm, tau)

Higgs Physics

Low Energy Searches for Physics Beyond the Standard Model

Neutrino Physics

Particle Astrophysics and Cosmology

Perturbative and non-Perturbative QCD

Physics at Lepton Colliders

Top Quark Physics

Celebrating the Tevatron

Underground Physics

Poster Session
