

The 17th International Workshop on Tau Lepton Physics (TAU2023)

Tuesday, 5 December 2023

Tuesday before lunch: G-2, EDM (10:50 - 12:30)

-Conveners: David Hitlin

time	[id] title	presenter
10:50	[27] Data-driven determinations of light-quark-connected and strange-plus-disconnected window contributions to a_μ	MALTMAN, Kim
11:15	[5] Tau Data-Based Evaluation of hadronic vacuum polarization contribution to muon $g-2$	ROIG GARCÉS, Pablo
11:40	[62] Magnetic and Electric Tau Dipole Moments Revisited	Prof. GONZÁLEZ-SPRINBERG, Gabriel
12:05	[49] Status and prospects of measuring Electric Dipole Moment of tau lepton	INAMI, Kenji
