

The 17th International Workshop on Tau Lepton Physics (TAU2023)

Tuesday 5 December 2023

Tuesday afternoon: LFV, Dark, Polarization (16:00 - 18:00)

-Conveners: Kiyoshi Hayasaka

time	[id] title	presenter
16:00	[13] Searches for lepton flavor violation in tau-lepton decays at Belle and Belle II	MARTINI, Alberto
16:20	[59] Charged Lepton Flavor Violation at the EIC	MANTRY, Sonny
16:40	[16] Dark sector searches with tau-pair events at Belle and Belle II	DEY, Sourav
17:00	[58] Search for Baryogenesis and Dark Matter in B -meson decays at BABAR.	BROWN, David Norvil
17:20	[99] Measurement of the tau lepton polarisation in Z boson decays by CMS detector	MOHAMMADI, Abdollah
17:40	[37] Measurement of beam polarization at an e^+e^- Factory with a new tau polarimetry technique	MILLER, Caleb
