

The 17th International Workshop on Tau Lepton Physics (TAU2023)

Wednesday 6 December 2023

Wednesday after lunch: LHC (13:30 - 15:30)

-Conveners: Soeren Andre Prell

time	[id] title	presenter
13:30	[84] Searches for New Physics that couple with third generation fermions	D'AMANTE, Valeria
13:50	[83] Search for LFV with tau leptons in the final state	GUZZI, Luca
14:10	[3] Measurements of Higgs boson properties in decays to two tau leptons and search for lepton-flavor-violating Higgs boson decays into tau leptons using the ATLAS detector	ÖNCEL, Oğul
14:30	[2] Searches for new phenomena in final states with taus using the ATLAS detector	CARRATTA, Giuseppe
14:50	[54] Measurement of the tau-lepton pair production from photons and tau g-2	BUAT, Quentin
15:10	[57] Measurement of the anomalous magnetic moment in ultraperipheral collisions with ALICE at the LHC	BUHLER, Paul Alois
