

# The 17th International Workshop on Tau Lepton Physics (TAU2023)

## Friday 8 December 2023

### Friday after lunch: LHC, BaBar, Belle, BES III (13:50 - 15:10)

-Conveners: Kenji Inami

time	[id] title	presenter
13:50	[10] FASER experiment and first results from LHC Run 3	Dr KOSE, Umut
14:10	[76] Study of additional radiation in the initial-state-radiation processes $e^+e^- \rightarrow \mu^+\mu^-\gamma$ and $e^+e^- \rightarrow \pi^+\pi^-\gamma$ in the BABAR experiment	LUSIANI, Alberto
14:30	[17] Partial wave analysis of $\tau^- \rightarrow \pi^- \pi^+ \pi^- \nu$ decays at Belle	RABUSOV, Andrei
14:50	[106] Search for charged lepton flavor violation in $J/\psi$ decays at BESIII	YU, Xudong
