Connect Residencies

A platform to experiment new formats that bring art and physics together

Connect is a residency programme launched by CERN in 2021 in collaboration with the Swiss Arts Council Pro Helvetia.

Connect offers two residency formats:
the first one consists of a three-months residency at CERN for Swiss artists;
secondly, the international strand, a combined residency at CERN and in an international location in collaboration with prestigious scientific and cultural organisations – in Chile, South Africa, and India.
