

Primordial Magnetic Fields Workshop

Report of Contributions

Contribution ID: 1

Type: **not specified**

Ievgen Vovk

Monday, 28 August 2023 10:30 (45 minutes)

tba

Session Classification: Gamma-rays

Contribution ID: 2

Type: **not specified**

Mahmoud Al-Awashra

Monday, 28 August 2023 11:15 (45 minutes)

Plasma instabilities

Session Classification: Gamma-rays

Contribution ID: 3

Type: **not specified**

Manuel Meyer

Tuesday, 29 August 2023 14:30 (45 minutes)

tba

Session Classification: Gamma-rays

Contribution ID: 4

Type: **not specified**

Andrii Neronov

Tuesday, 29 August 2023 15:15 (45 minutes)

tba

Session Classification: Gamma-rays

Contribution ID: 5

Type: **not specified**

Evangelos Sfakianakis

Thursday, 31 August 2023 10:45 (45 minutes)

Session Classification: Particles and cosmology

Contribution ID: 6

Type: **not specified**

TBA

Session Classification: Particles and cosmology

Contribution ID: 7

Type: **not specified**

Marco Peloso

Thursday, 31 August 2023 14:30 (45 minutes)

Session Classification: Particles and cosmology

Contribution ID: 8

Type: **not specified**

Ruth Durrer

Thursday, 31 August 2023 15:15 (45 minutes)

Session Classification: Particles and cosmology

Contribution ID: 9

Type: **not specified**

Jennifer Schober

Tuesday, 29 August 2023 10:00 (45 minutes)

Session Classification: Cosmic magnetic fields simulation

Contribution ID: **10**

Type: **not specified**

Matthieu Schaller

Tuesday, 29 August 2023 09:15 (45 minutes)

Session Classification: Cosmic magnetic fields simulation

Contribution ID: 11

Type: **not specified**

Axel Brandenburg

Tuesday, 29 August 2023 10:45 (45 minutes)

Session Classification: Cosmic magnetic fields simulation

Contribution ID: 12

Type: **not specified**

Franco Vazza

Session Classification: Cosmic magnetic fields simulation

Contribution ID: 13

Type: **not specified**

Günter Sigl

Wednesday, 30 August 2023 10:00 (45 minutes)

Session Classification: Implication of magnetic fields

Contribution ID: 14

Type: **not specified**

Kyrylo Bondarenko

Wednesday, 30 August 2023 10:45 (45 minutes)

Session Classification: Implication of magnetic fields

Contribution ID: 15

Type: **not specified**

Karsten Jedamzik

Wednesday, 30 August 2023 14:30 (45 minutes)

Session Classification: Implication of magnetic fields

Contribution ID: **16**

Type: **not specified**

TBA

Session Classification: Implication of magnetic fields

Contribution ID: 17

Type: **not specified**

Franco Vazza

Monday, 28 August 2023 14:30 (45 minutes)

Session Classification: Cosmic magnetic fields simulation

Contribution ID: **18**

Type: **not specified**

Klaus Dolag

Monday, 28 August 2023 15:15 (45 minutes)

Session Classification: Cosmic magnetic fields simulation

Contribution ID: **19**

Type: **not specified**

Marco Peloso

Session Classification: Particles and cosmology

Contribution ID: **20**

Type: **not specified**

Tanmay Vachaspati

Wednesday, 30 August 2023 16:00 (45 minutes)

Session Classification: Particles and cosmology
