

The next generation projects in Deep Underground Laboratories

Thursday 30 June 2011

Session: Astroparticle physics and Interdisciplinary research (12:00 - 13:30)

-Conveners: S.Katsanevas

Session: Dark Matter projects (15:00 - 16:30)

-Conveners: K.Eitel

Session: Neutrino Mass (17:00 - 18:30)

-Conveners: S.Cebrián

Friday 1 July 2011

Session: Proton Decay projects (09:30 - 11:00)

-Conveners: J.Winter

Session: Deep Underground laboratories in Europe Union (11:30 - 13:30)

-Conveners: E.Garcia

Session: deep Underground laboratories in Asia (15:00 - 16:30)

-Conveners: C.Spiering

Session: Deep Underground laboratories in Russia and America (17:00 - 19:00)

-Conveners: M.Bourquin
