

**Session Program**

**6-10 Nov 2023**

**New Physics from Galaxy Clustering II**

***Short Talks 2***

IFPU Trieste

# Monday 6 November

16:00

## Short Talks 2

Session | Location: IFPU Trieste

16:00–16:10 **Field-level BAO inference**

**Speaker**

Ivana Babic

16:10–16:20 **Dark Forces vs LSS 1**

**Speaker**

Salvatore Bottaro

16:20–16:30 **Dark Forces vs LSS 2**

**Speaker**

Marco Costa

16:30–16:40

**Constraining  $f(R)$  gravity using future galaxy cluster abundance and weak-lensing mass calibration datasets**

**Speaker**

Sophie Vogt

16:40–16:50 **Bootstrapping the Large Scale Structure of the Universe**

**Speaker**

Marco Marinucci

16:50
