Education Workshop at the 8th International Conference on Women in Physics (ICWIP2023)

Tuesday, May 28, 2024 3:00 PM (15 minutes)

International Union of Pure and Applied Physics (IUPAP) is an organization that is deeply committed to promoting EDI among the worldwide community of professional physicists. As a Chair of 2022-2024 C14 (Physics Education) Commission of IUPAP, I had a privilege to participate in and co-organize several events that took place during the mandate of the current commission and were aimed at promoting gender equality in physics education. In my talk I will report on the Education Workshops at the 8th International Conference on Women in Physics 2023 (ICWIP2023) that I was tasked to co-organize in collaboration with my colleagues from the IUPAP's Women in Physics Working Group (WG5). More broadly, I will touch upon IUPAP's EDI principles and initiatives that benefit physics education worldwide.

Keyword-1

Education Workshop

Keyword-2

EDI

Keyword-3

Women in Physics

Primary author: ANTIMIROVA, Tetyana (Toronto Metropolitan University (formerly Ryerson University))

Presenter: ANTIMIROVA, Tetyana (Toronto Metropolitan University (formerly Ryerson University))

Session Classification: (DGEP) T2-9 Inclusion for excellence | L'inclusion pour l'excellence (DEGP)

Track Classification: Technical Sessions / Sessions techniques: Gender Equity in Physics / Équité de genre en physique (DGEP-DEGP)
