## **(G) Social: DNP Trivia**

*Friday, May 31, 2024 10:45 AM (1h 15m)*

Tired of being an independent particle in the nuclear physics community and want to behave collectively like your favorite nucleus? Time to come out of your shell-model and have some fun and coexist with other members (i.e. shapes) with networking and trivia. Show off your trivia knowledge and be the AGB star of the show! Even if your trivia knowledge might just be a perturbation, please come by and help (weakly) break of the symmetry of the congress and interact with fellow bosons.

(There will be nuclear physics/general trivia presented by Robin Coleman (University of Guelph), in a relaxed atmosphere networking event).

### **Keyword-1**

Networking

### **Keyword-2**

Social

### **Keyword-3**

**Primary author:** Mr COLEMAN, Robin (University of Guelph)

**Presenter:** Mr COLEMAN, Robin (University of Guelph)

**Session Classification:** (DNP) Students and Postdocs social/networking

**Track Classification:** Technical Sessions / Sessions techniques: Nuclear Physics / Physique nucléaire (DNP-DPN)
