

Session Program

29 November 2023 to 1 December 2023

ISOLDE Workshop and Users meeting 2023

Ground state properties

CERN, 503/1-001 - Council Chamber

Thursday 30 November

14:00

Ground state properties

Session | **Location:** CERN, 503/1-001 - Council Chamber | **Convener:** Kieran T Flanagan

14:00–14:25

Nuclear DFT electromagnetic moments in heavy deformed open-shell odd nuclei

Speaker

Jacek Dobaczewski

14:30–14:55

ISOLTRAP in 2023: Masses, Molecules, and Future Developments

Speaker

Lukas Nies

15:00–15:25

New results and upgrades from the CRIS experiment at ISOLDE

Speaker

Louis Lalanne

15:30–15:42

Nuclear properties and exotic structure of $^{81,82}\text{Zn}$ isotopes beyond $N = 50$

Speaker

Mr Yongchao Liu

15:45
