Google Summer of Code (GSoC) 2023

- A very successful CERN-HSF GSoC year
 - Fewer accepted participants than last year,
 - but no withdrawals or failed evaluations!
- Excellent projects, Great work
 - Our community really appreciates it!
 - Thanks for the hard work and commitment from you all

Students AND mentors!

Big thanks from the admins to all for following the rules and being on schedule

Administrative things

Blogs:

- We will review and publish your blog posts on the HSF GSoc site
- Some guidelines for contributing available [here](#)

Few rules for this meeting:

- The session will be recorded and made available on the meeting page
- We will share the screen with your talks, tell us when to switch to next slide
- Lightning talks are 5 minutes + time for discussion and questions
- Speakers having connection/audio problems will be postponed to the end
- General questions on the programme can be asked at the end of the meeting

This is your show now, enjoy!
