

HaloWeek'24 - nuclei at and beyond the driplines

Friday 14 June 2024

New techniques - Kollektorn (09:00 - 10:00)

-Conveners: Dean Lee

time	[id] title	presenter
09:00	[67] Entanglement in few-particle scattering	KIRCHNER, Tanja
09:30	[68] World's first electron scattering off online-produced radioactive isotope	SUDA, Toshimi

New techniques - Kollektorn (10:30 - 11:30)

-Conveners: Dean Lee

time	[id] title	presenter
10:30	[69] Prospects for open quantum system studies at GSI and the way to FAIR	SIMON, Haik
11:00	[70] Finite-volume simulations of few-body bound states and resonances	KOENIG, Sebastian
