Comments and Questions to MD Procedures

- **MD9405: Instability Growth Rate at Injection 2023**
 - Clarify which collimators will be moved and the desired collimator settings
 - Which interlocks are foreseen to be masked?
- **MD9523: Threshold of longitudinal loss of Landau damping**
 - Clarify number of bunches (procedure mentions 50 bunches as well as single bunches)
 - Check ADT interlock limit on bunch intensity and ADT expert availability
