## FCC Detector Concept Meeting

September 18, 2023

Mogens Dam, NBI

Marc-André Pleier, BNL

Felix Sefkow, DESY

# FCC Mid-term Review

Ongoing

## Physics, Experiments, Detectors part of mid-term report

- draft submitted, final version being prepared

## 22 notes in addition

- soon to be accessible on <https://new-cds.cern.ch/communities/fcc-ped-int?q=&l=list&p=1&s=10&sort=newest>
- 9 on detector concepts and technologies
- we hope to have several of them presented in this meeting series and sent invitations

## One focus is on costing

- confidential estimate prepared by M. Dam, F. Bedeschi, M. Aleksa, P. Janot, FS
- uncertainties are still very large
- Cost Review Panel met last week (MD)
